

Ms. Paula Edze has over twelve years work experience in the energy sector - first in the civil society space and now in the public sector. She works for the Energy Commission of Ghana as the National Coordinator for Sustainable Energy for All (SEforALL) implementation in Ghana. Paula has

worked on a number of national documents including the National LPG Promotion Policy (2017), Ghana Renewable Energy Master Plan (2019), The Woodfuel Regulation (draft), and Development of a standard and labelling scheme for improved biomass cookstoves (draft).

She holds MSc in Environmental Monitoring and Analysis from Aberystwyth University in Wales and a BSc in Natural Resources Management from Kwame Nkrumah University of Science and Technology (KNUST) in Kumasi, Ghana. She is currently reading her PhD in Development Studies at KNUST. Her research interests cover public policy and sustainable energy transitions.
